A SELF-STUDY WORKBOOK

by: Brent Kercheville

THE LIFE OF MOSES

THREE 40 YEAR PERIODS OF MOSES' LIFE

INTRODUCTION:

Before beginning a detailed study of Exodus we need to get an overview of the content of the book as well as how this book fits in with the rest of the Old Testament history.

1. Study the chart on the previous page called 40 Years In The Wilderness and get a feel for the movements of the children of Israel in the rest of the books of the Pentateuch.
 - a. How many years are there from the time of the exodus to the end of Deuteronomy?
 - b. How many years from the exodus to the numbering at Sinai?
 - c. How many years did it take for all the men of war who left Egypt to die?
 - d. How many chapters that covers most of the Wilderness Wanderings?

SURVEYING THE BOOK:

Skim through the book of Exodus chapter by chapter, paying special attention to the chapter titles in your Bible. Then answer the following questions.

2. The main division of the book occurs at what chapter?

Exodus 1-12: Israel In _____

Exodus 13-18: Israel In _____

Exodus 19-40: Israel At _____

SPECIAL NOTE:

**Exodus is a special book because it details the life of Moses. The Jewish people hold Moses in the highest esteem as God's deliverer of Israel. As you study Exodus, look for the key messages to the Jewish people and not just as a history book. Once you find the messages of the book, then look for the New Testament fulfillment of the Exodus events.

**Inserted in this booklet is the Holman Christian Standard Bible text for each section covered. Please get a couple different colored pencils and highlight the things you find interesting or different while you read. Also note anything you find important in the text. Then be ready to share with the class all the interesting and important points you found while studying. Highlighting while you read the text will help bring this book alive and you will see things in the text that you never have seen before.
